Wenjie Guan

PhD Student in Statistics

Ithaca, NY wg285@cornell.edu wenjieguan99 wenjie-guan-5318ba241

Education

PhD **Cornell University**, Statistics — Ithaca, NY, USA
- Advised by Prof. Jelena Bradic and Yang Ning

2024 – present

Master's **University of Washington**, Statistics — Seattle, WA, USA
- Research projects advised by Prof. Jing Ma and Alexander Giessing

2022 – 2024

Bachelor's **Fudan University**, Mathematics and Applied Mathematics — Shanghai, China
- National First Prize in Chinese College Mathematics Contest (2021, Final)
- Finalist in S.T. Yau College Student Mathematics Contest (2021, field of probability and statistics)

2018 – 2022

Research Interests

- Machine learning theory
- Causal inference and robustness
- High-dimensional statistics
- Transformers and language models
