

Wenjie Guan

PhD Student in Statistics

📍 Ithaca, NY ✉️ wg285@cornell.edu 🌐 wenjieguan99 🔗 wenjie-guan-5318ba241

Summary

- PhD student in Statistics at Cornell University advised by Prof. Jelena Bradic.

Education

PhD	Cornell University , Statistics • Advised by Prof. Jelena Bradic	Ithaca, NY, USA 2024 – present
Master's	University of Washington , Statistics • Research projects advised by Prof. Jing Ma and Alexander Giessing	Seattle, WA, USA 2022 – 2024
Bachelor's	Fudan University , Mathematics and Applied Mathematics • National First Prize in Chinese College Mathematics Contest (2021, Final) • Finalist in S.T. Yau College Student Mathematics Contest (2021, field of probability and statistics)	Shanghai, China 2018 – 2022

Research Interests

- Machine learning theory
- High-dimensional statistical inference
- Foundation models and transformers
- Probabilistic modeling
